

MULTIMATCH 8

High **CRI+** LED work light with exchangeable batteries

ORIGINAL
SCANGRIP

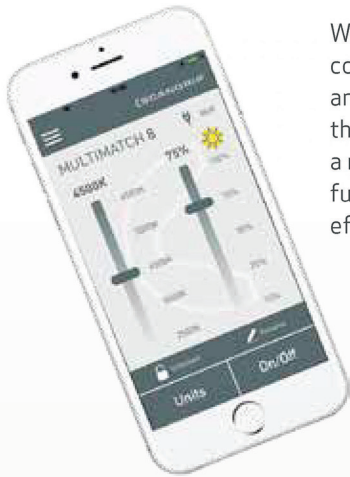

SINCE 1906

The largest and most powerful rechargeable work light providing up to 8000 lumen. MULTIMATCH 8 is ideal for inspection of large surfaces during polishing, painting and cleaning operations as well as for colour match.

It features the ALL DAYLIGHT function, providing you with the option to choose between 5 different colour temperatures. The 5-step dimmer function makes it possible to adjust the light into five different levels depending on the job at hand.

The new SCANGRIP POWER SOLUTION provides you with unlimited availability to light. Easily you can insert a new fully charged battery and continue the work while another battery is charging. Or you can simply add the charger directly to the lamp to get power supply. The integrated battery backup function prevents you from being without light at any time. Supplied with a built-in power bank with USB outlet to charge mobile devices.

With the new BLUETOOTH lighting control app you are able to control and adjust both the light output and the colour temperatures, along with a range of other useful, wireless functions improving daily work efficiency.

stand sold separately
