

The powerful battery-operated blind riveting tool

economical

- good price-performance ratio
- large working range
- short processing times

powerful

- Setting force: 14.000N
- Drive: 12-volt direct current motor
- Working stroke: 20 mm

comfortable

- Balanced centre of gravity, one hand-friendly handle **guarantees fatigue-free working.**
- Disposal of the torn mandrels by gravity - forward through the mouthpiece or to the rear, into the collection container.
- Autoreverse function - **saves energy and increases comfort.**
- Interchangeable mouthpieces and mounting wrenches are always on hand - **no compulsory breaks**
- Compact, **impact-resistant housing** for all conditions of use

Art.-No. 571101

for high-strength blind rivets up to 1,200N/mm²

Powerbird extension incl. mouthpiece 100mm
 Art.-No. 578112

Scope of delivery:

- 1 x riveting pliers
- 1 x Li-Ion battery 2,6 AH
- 1 x charger
- 1 x carrying case

Technical Data:

- weight: 2,2 kg
- Setting force: 14,000 N
- Stroke: 20 mm
- Working range: Blind rivets up to
 Ø 6,4 mm - all materials
 Ø 8.0 mm - Aluminium
